MDP is a 2-months program for crews to build their career.

The program aims to build crew accountability on vessel operations and fuel usage by developing regeneration of the crew from very beginning, which is adapted to MODA's AI Integration system that had been installed.

MODA also implement female crew in each vessel as a part to balance misbehavioral & cleanliness issue

An aerial photograph of a boat's wake on dark, textured water. The wake is a series of white, frothy lines trailing behind the boat, which is visible as a small cluster of orange and white shapes in the upper right. The water has a grainy, almost crystalline texture. On the left side, there is a large, dark, semi-circular graphic element that serves as a background for the text.
